DATED:

To,

**All Chief Secretaries
All Chief Electoral Officers**

Subject: Use of Videography and digital cameras during elections – Consolidated Instructions thereon;

Sir,

I am directed to state that in supersession of its earlier instructions on the subject cited above, the Commission hereby issues the following consolidated instructions.

2. In order to enable the Commission to have a true, faithful and concurrent record of the violations of the election law and the standing instructions of the Commission and to assess the impact of its corrective measures, the Returning Officer of each constituency shall make arrangements to record through Videography of critical events during the process of electioneering, including but not restricted to the period of public campaign, the day of poll, the transport and receipt of polled ballot boxes and other materials, counting of votes and the declaration of results in an independent intelligent and purposeful manner.

3. For this purpose, the Returning Officers may make use of video cameras and crew available with the Governmental or semi-Governmental agencies within their jurisdiction or hire local private professional videographers.

4. The Returning Officer shall, while programming the itinerary of the Video teams, take into account the number of electors, the size of the constituency, the number of sensitive polling stations, previous history of booth capturing and other malpractices, the general law and order situation, the likelihood of commission of corrupt practices and electoral offences and other related factors.

5. On the basis of his assessment, the Returning Officer should decide the number of video teams needed. The Commission has not prescribed any maximum or minimum number of video teams for an assembly/parliamentary constituency and has left it to the discretion of the Returning Officers on a correct appreciation of the factors mentioned in paragraph 4 above.

6.4 Video teams should be under the personal supervision and guidance of a senior election related officer.

6.5 As and when required the video teams may be asked to accompany the General/Election Expenditure Observers so that all critical events observed by them may also be videotaped.

6.6 The videographers shall be impressed that the principle behind the scheme is to record and videotape critical events only which are likely to vitiate the poll and not to just videotape all events in a routine manner in order to fill the cassette.

7. Following items should be considered for special watch and videography -

- Meeting addressed/attended by Ministers, top national/State level leaders of recognized parties.
